PERSEVERANCE

★ "IN THE CONFRONTATION
BETWEEN THE STREAM
AND THE ROCK, ★
★ THE STREAM ALWAYS WINS,
NOT THROUGH STRENGTH
BUT BY
★ PERSEVERANCE".

Nature is a great teacher for us to observe and learn. There are lessons for situations in our lives right before our eyes everyday. Whatever the weather, going for a walk on a nature trail, or in our own neighborhood will lift your spirit to build endurance for a well balanced life.

Think of yourself as the Stream; traveling down the river's road of life. There will be pebbles in the river's bed and there will be giant bolders. Get yourself ready for the thrill of a waterfall and rest time in shallow waters at the river's edge. Perseverance will keep you going, Perseverance is being steadfast.

GIRLFRIEND WISDOM:

May your interpretation of
Perseverance be full of grace,
a knowing that life is good,
and that all will be well.
